We Change The Taste Of The World!

As Günaylar Group, we are proud to introduce and present you the most delicious and highest quality TANYA Flavored Fruit Molasses. As Günaylar Group, we managed to write with golden letters the TANYA brand among the stars of the hookah culture, which has become a phenomenon in the world. TANYA Flavored Fruit Molasses has become the first and only internationally patented brand in the world that does not contain tobacco and nicotine. TANYA Flavored Fruit Molasses; With its outstanding R&D studies, it has succeeded in obtaining a more perfect taste and intense aroma from tobacco. TANYA Flavored Fruit Molasses offers you the taste and pleasure of hookah. Compared to other products containing tobacco and Nicotine, it never causes phlegm, headache, sore throat or any addiction. We also offer you a more intense smoke and aroma taste. It does not contain cancer-causing substances such as tobacco, nicotine, tar, arsenic or lead. TANYA Flavored Fruit Molasses is produced from completely natural fruits.

Since 1996, we continue to direct the hookah industry with creative and innovative ideas to hookah culture, which is a phenomenon in the world. Although TANYA Flavored Fruit Molasses is not made from tobacco, it has a high concentration of smoke and flavor when compared to other tobacco-containing products. As Günaylar Group company; We are trying to prevent the serious danger posed by the use of tobacco products from reaching levels that could threaten human health. We do not recommend consuming tobacco products that contain high amounts of nicotine, tar, arsenic, chromium and lead and adversely affect human health. Within the framework of all these factors, we managed to change the taste of the world by exporting our products, which we developed with superior R&D experience, to all countries of the world in order to keep the hookah culture alive. We proved this success with successive export awards. To healthier and more enjoyable days with your support...
